of the Year

CALL FOR NOMINATIONS

## The Sir John Holland Award for Civil Engineer of the Year

The Sir John Holland Award for Civil Engineer of the Year provides a high profile focus on engineering achievement and serves as both a showcase for Civil Engineering and a focus for young people interested in pursuing a career in engineering.

This prestigious award is presented annually by the Civil College of Engineers Australia. It is awarded to an eminent Civil Engineer considered to have made a major contribution to Australian Civil Engineering through one or more of the following:

- ★ Leadership in design
- ★ Leadership in construction
- ★ Service to the community
- ★ Involvement in major projects
- ★ Development of new technology/ research development
- ★ Leadership of an engineering organisation
- ★ Public profile
- ★ Service to the engineering profession
- ★ Contribution to the use of ecologically sustainable development in engineering

## Recognising Excellence in Civil Engineering

Civil Engineers make a major contribution to our quality of life through the integral role they play in the provision of services and facilities for the general benefit of the community. They are also responsible for much of the infrastructure that impacts on our daily lives and play an important role in bringing about a more sustainable future for Australia.
