The Institute of Public Works Engineering Australia (IPWEA) is a professional organisation providing member services and advocacy for those involved in and delivering public works and engineering services to the community. This breakfast is the second in a series of Leadership events to encourage and develop public works professionals in Leadership. At this breakfast, our two leaders are going to share some of their tips on the challenges of leading organisations in a growth environment with huge demands on infrastructure.

Kerry Thompson is the Chief Executive Officer of the Wyndham City Council. She has worked across a number of local government organizations including a 7 year term as Chief Executive Officer with the City of Maribynong. In March 2009, Ms Thompson was seconded to advise the Victorian Bushfire Reconstruction and Recovery Authority (VBRRA) following the Black Saturday Bushfires, at the request of the VBRRA and the Municipal Association of Victoria. Ms Thompson is the current chair and founding member of the Western Transport Alliance and board member of LeadWest Ltd and the Institute of Public Administration. She is also a member of the Community Support Fund Advisory Committee and Victorian Drug and Alcohol Prevention Council, both by Ministerial appointment.
