

McArthur – proud to be the Gold Sponsor for the 2011 National Local Government Asset Management & Public Works Management Conference.

For over 40 years McArthur has been providing informed recruitment solutions to Local Government and the wider sector, including Public Works and all its associated disciplines. During this time McArthur has developed a level of an unparalleled understanding and insight into the unique requirements of the industry.

To find ideal staffing solutions, McArthur consultants work proactively with each client to deepen their understanding of immediate and long-term needs. Comprehensive candidate sourcing strategies are combined with rigorous selection processes that are designed to meet all legislative requirements. McArthur believes this is the only way to deliver genuine McArthur Best People Fit solutions.

Today, McArthur not only partners with Local Government and Public Sector clients to provide recruitment solutions but also delivers innovative HR consulting across a wide range of issues including performance management, talent planning, organisation reviews, salary surveys and remuneration advice.

McArthur has always believed in investing back into the sector, and that's why they have a long-term commitment to supporting and sponsoring events and activities within both local government and the wider public sector. Their close involvement with peak bodies including LGPro, LGMA, and ALGA along with specialist interest groups such as the MAV and IPWEA, are clear examples of an uncompromised commitment to helping chosen partners achieve their aspirations and goals. It is a long term commitment McArthur is proud of, and the associations McArthur have forged over the years are highly valued and respected.

McArthur congratulates both MAV and IPWEA on making the innovative decision to stage a joint conference this year. The Directors support these two professional bodies coming together to offer their combined talents for this unique event, and look forward to further reinforcing the relationship between our organisations.

Thank you.
