 Golf Course Road
 Horsham
Cost: \$35 per person (inc. GST) for those
 attending dinner
 Partners and fellow contractors most welcome
RSVP: Wednesday, 9th November 2011

This event is proudly sponsored by:

Guest Speakers: Peter Fisher and John Stewart

The Nationally Harmonised Legislation is due to be implemented from 1st January 2012, this new legislation will bring change to the way civil contractors and their clients manage workplace Health and Safety in Victoria.

It is essential that civil contractors clearly understand their obligations under the new legislation and make appropriate changes to the way you provide and maintain a safe workplace, and hence your compliance to the legislation.

This Awareness Program will be the only civil industry specific forum covering the topics of:

1. What the new legislation will mean to you as contractors
2. The differences between the current Victorian Legislation and the new harmonised Legislation
3. What you need to do to maintain Work Health and Safety compliance
4. Interpreting these changes into your CCF OH&S Management Systems
