Major Projects in the Great South Coast region

THURSDAY 26 JULY 2012

The forum will review some of the major projects in the South West Coastal Region, their cumulative impacts, contribution to the regional strategy and project delivery issues. The logistics of the Macarthur Wind Farm major equipment move will provide a tangible and quite literal case study of delivery challenges.

Join fellow Industry professionals and business associates for this informative event and networking opportunity. Guests are also most welcome.

Presenters:

**Karen Foster, Executive Officer, Great South Coast Group
&
Macarthur Wind Farm Logistics Team**
