### 1. ORGANISATIONAL CONTEXT

As a result of population growth across Australia, Ballarat is now one of the largest inland regional cities in the country. Ballarat is uniquely located with easy access to Melbourne, Geelong and Bendigo and is the Western Victorian capital for a region of 400,000 people.

The City Infrastructure Division is one of three Divisions within the City of Ballarat and is charged with building and maintaining the City. The division includes the functional business units of City Services, Infrastructure Development and Delivery, Facility Management, Property Management, Sport and Recreation and Community Amenity.

City Services is responsible for a diverse range of programs and activities focused primarily on developing, maintaining and preserving the City's civil infrastructure and public open space assets. The City Services Business Unit (the "Unit") comprises the functional areas of the, Road Maintenance, Waste and Cleansing Services, Strategic Waste and Water and Parks and Gardens.

From a Health and Safety perspective the City of Ballarat requires the following:

- Demonstrate safety leadership.
- Provide strategic direction.
- Communicate a clear set of goals to your team.
- Measure performance regularly against a clear set of goals.
- Act and apply a balance of consequences as required.
- Escalate up relevant issues of importance in a timely fashion.

## **2. POSITION OBJECTIVES**

- To manage and direct Road Maintenance staff and resources to achieve industry best practice in the monitoring and control of Council assets.
- Responsible for the efficient and effective management and coordination of municipal and contract resources to ensure timely completion and within budget constraints.

## **3. KEY RESPONSIBILITY AREAS**

### **Works Management**

- Coordinate the road maintenance program that will ensure the timely and efficient completion of the designated Works.
- Supervise outdoor works staff, comprising, supervisors, plant operators and labourers.
- Ensure that plant, equipment and municipal resources are used by staff in the most effective and efficient manner in the performance of road maintenance activities.
- Ensure that staff are trained and if necessary qualified to carry out allocated tasks including the use of plant and equipment, and arrange further training as required.
- Liaise and co-operate with managers to ensure efficient and effective performance overall works program and day to day tasks.
- Ensure that plant and equipment is maintained in a clean condition both inside and out and that any damage, defects or perceived problems are reported in accordance with Councils policy.
- Engage, Induct, organise and supervise contractors when required in accordance with the contractor induction manual.
- Ensure a proactive inspection program for assets is continually undertaken to meet intervention levels in accordance with Councils asset management policies.
- Ensure that all works practices carried out are in accordance with current requirements, Acts and regulations relevant to the activity taking place.

### **General**

- Prepare, monitor and control budget in accordance to approved works programs for road maintenance activities.
- Preparation of Road maintenance reports setting out details of works and maintenance undertaken during the period.
- Preparation of estimates for works as requested.
- Liaise with the Manager City Services on a continuous basis on matters relating to the overall road maintenance program, budget control, variations from the work program and budgets to ensure effective control and co-ordination of all works and expenditure.
- Arrange the organisation of training programs for employees in consultation with the Business Support Officer.
- Prepare advice and information accurately reflecting updates or changes to existing services and infrastructure assets to the Coordinator Assets.
- Other duties as delegated by the Manager City Services within the skills & competency of the employee.

### **Health & Safety**

- Ensure investigations are completed and corrective actions are implemented within policy timeframes.
- Attend and participate in health and safety meetings (CHSC or Area Safety Meeting).
- All meetings to have safety on the agenda.
- Perform at least one 'walk the talk' per month.
- At a minimum >90% of operational health and safety plan actions are complete.

## **4. ORGANISATIONAL RELATIONSHIPS**
